Dear Dr. Lederberg:

Terrific! These kids should save us ten to fifteen years and we should be able to help them too. I am getting clearance today from the administration to treat these kids. There is no reason I can see why the doctors there should oppose it. I am writing them today as soon as the legalities here are cleared - which is just a matter of routine.

Many thanks for bringing the paper to my attention. I will keep you posted all the way.

Sincerely,
